

CONFIDENTIAL

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 15 September 1970

25X1C 1. [] JMM) Met with Senator Barry Goldwater (R., Ariz.) whom I briefed on [] He said he had been interested in the facility which had created some questions in the area. See Memo for Record.

I gave Senator Goldwater some classified comments we had prepared on the recommendations of the Peace Through Law Committee regarding intelligence. (Goldwater had previously asked our views on these and offered to make a public statement on our behalf.) I explained that we very much appreciated his earlier offer but wondered whether in view of the fact that the issue seems to have subsided there was any point in bringing it up. I also noted that the matter could be effectively dealt with only on a classified basis.

Senator Goldwater said he completely agreed but wanted us to know he would be glad to go to bat for us whenever we wished.

25X1 2. [] JMM) Met with William Woodruff, Counsel, Senate Appropriations Committee, and discussed some problems involving amendments to the Military Procurement Authorization bill which would restrict Agency activities in Southeast Asia. See Memo for Record for details.

25X1 3. [] - JMM) George Murphy, Joint Committee on Atomic Energy staff, called to say that the Committee is hearing testimony tomorrow from AEC officials who are expected to favor the release of U.S. technological information regarding the gaseous diffusion process to foreign governments and international and private agencies. Murphy understands that one of the AEC witnesses will claim that other interested agencies have been consulted and will quote some of them regarding relevant intelligence information. Murphy said he would like to know whether CIA had submitted any reports on this subject to the Commission and if so whether the Committee might obtain copies of such reports. I said I would look into this and advise, and referred the problem to [] of OSI.
